Shower Enclosures
Hardware (LIB 2.0)

A man with dark hair and a mustache is sitting on a marble bench inside a steam shower. He is shirtless and wearing dark shorts. The shower has a glass door on the left and a marble wall on the right. There are several shower fixtures, including a handheld showerhead and a wall-mounted showerhead. The floor is made of dark tiles. The overall atmosphere is relaxing and luxurious.

Invigoration.[®] Steam Generators

Redefining Wellness with Kohler Steam

Steam Generators

Immerse Yourself in **Steam**

Enveloping you in its warm embrace, steam has been shown to offer a wide range of both physical and mental benefits, clearing your respiratory system, nourishing your skin, and relaxing your mind and body.

Healthy Skin

The heat generated from a steam shower helps you sweat, which naturally pushes out dirt and toxins to clean your pores.

Breathe Easy

Breathing in the warm mist of a steam shower opens up nasal passages and helps alleviate respiratory congestion and sinus inflammation.

Relaxed Muscles

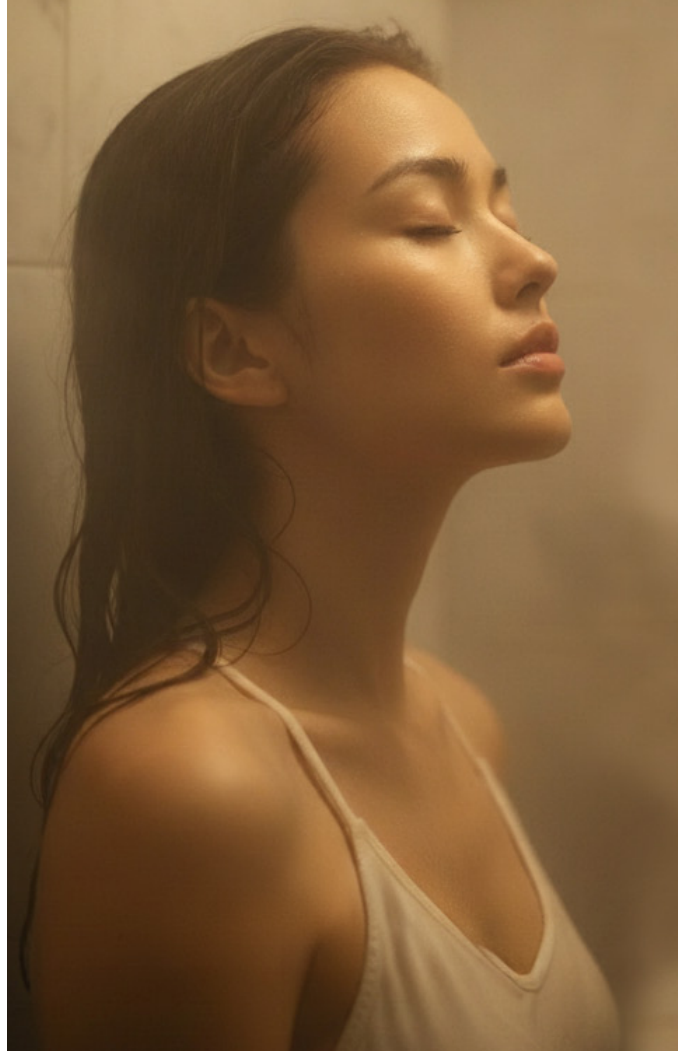

The heat from the steam helps to dilate your blood vessels, increasing blood circulation.

More blood flow helps to relax muscles and may soothe minor aches and pains.

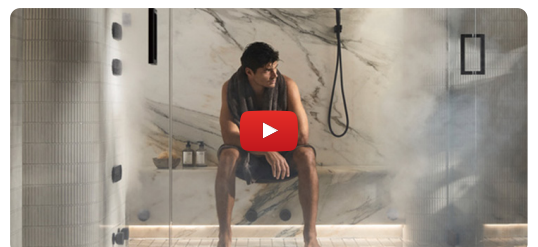

Stress Relief

There are few things more relaxing than being enveloped in the warm, soothing mist of a steam shower. It's the perfect way to start your day or unwind from the daily grind.

experience steam

Redefining Wellness with **Kohler Steam**

Take your shower routine to a new level of wellbeing with the purifying benefits of Kohler steam.

Instant Steam

Generates steam in less than a minute

Powerclean®

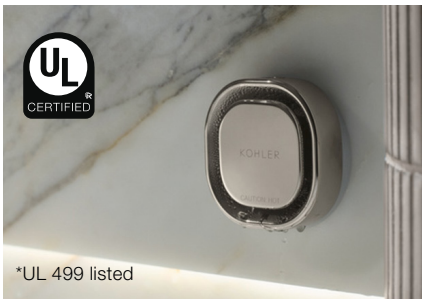

Automatically flushes sediments out from the generator through steam head

Constant Steam

Minimizes temperatures fluctuations

Best in Safety*

Shock proof, fire hazard protection & surge safety as per global safety standards

Aromatherapy

Add essential oils for a soothing aromatic experience

Stylish Steam Heads

Personalize with a range of steam head shapes & finishes

Eco Friendly

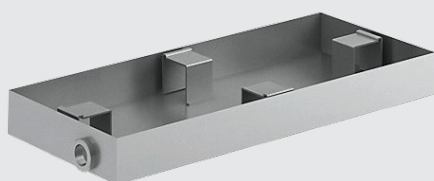

Kohler Steam Generator uses less than 4 liter of water per 20-minutes session

Personalize Your Escape

KOHLER® Steam Systems offer Flexible control options

Dedicated Steam System

A separate control for straightforward operation

Control Kit + Steam Generator +
Drain Pan

Integrated Smart Steam Shower System

Operate seamlessly with the advanced Anthem+™ system for unified showering control

Anthem+™ Digital Shower System + Adapter
Kit + Steam Generator + Drain Pan

The Steam Experience, Elevated

KOHLER® steam systems elevate everyday rituals into tailored moments of luxury.

Curated Steam Head Designs

Designed to match your space and sensibility.

Square

Linear

Round

Vibrant Finishes

Curated finishes that bring harmony to the bathroom.

Polished Chrome
Timeless brilliance

Brushed Bronze
Soft, contemporary depth

French Gold
Warm, refined luxury

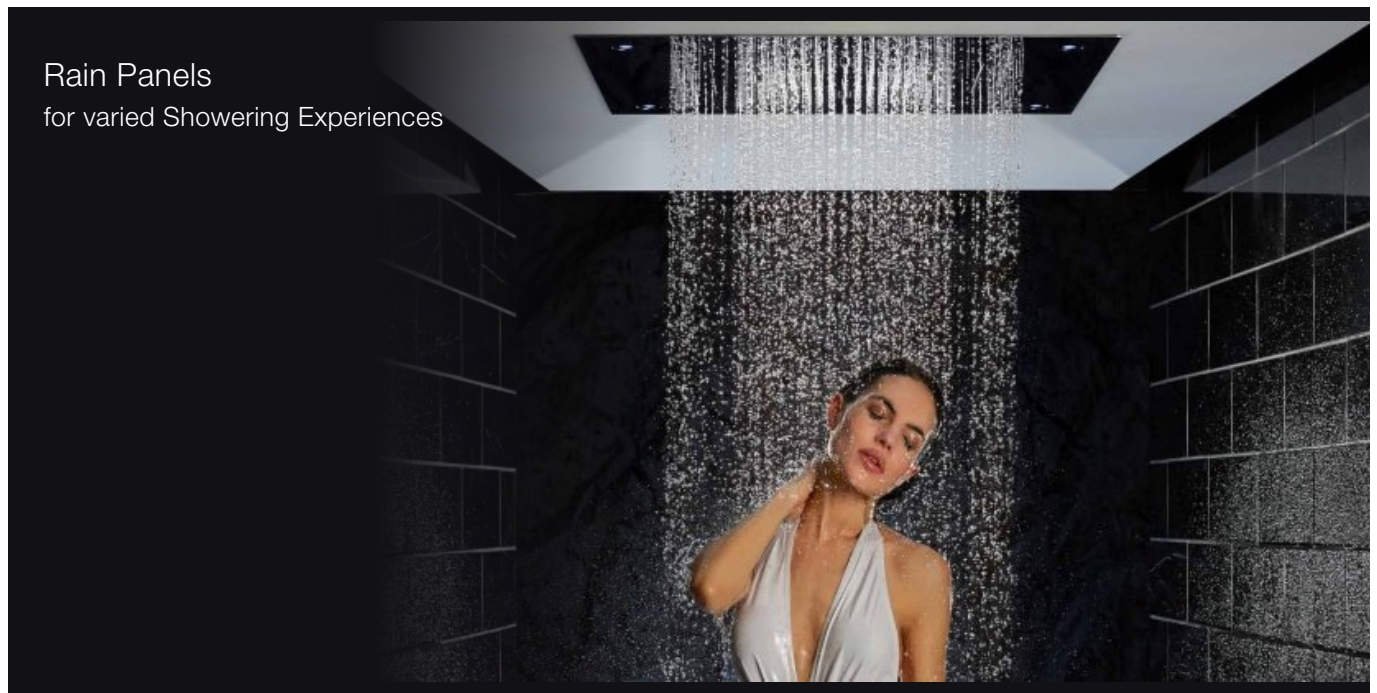

Matte Black
Bold, modern contrast

Additional Multisensory Components

Elevate your steam experience by adding elements to create a spa-like retreat.

Pairing a steam generator with Anthem+™ smart showering system allows you to enhance your steam experience with water, sound -all seamlessly integrated through a single digital interface.

Essential oils
added to steam heads provide relaxing aromatherapy.

SoundTile® speakers
for music that can wake you up or calm
you down.

Build your Steam Experience in 4 Easy Steps

1. MEASURE YOUR SHOWER

Determine the correct size for your steam generator by calculating the shower's cubic footage.

(width x height x depth = cubic feet)

$$\begin{array}{c} \square \\ \text{width} \end{array} \times \begin{array}{c} \square \\ \text{height} \end{array} \times \begin{array}{c} \square \\ \text{depth} \end{array} = \begin{array}{c} \square \\ \text{cu ft} \end{array}$$

Note: Recommended ceiling height is 8 feet or less. For each foot above 8 feet, you must upgrade to the next steam generator size. Do not exceed the maximum volume rating noted. The steam generator needs to be installed within 25 feet of the steam head. An Invigoration Series steam generator control kit or digital steam adapter kit is required for use with all Invigoration Series steam generators; see options below. A separate, dedicated 220-240 V circuit is required. No GFCI should be connected to this circuit.

2. SELECT THE STEAM GENERATOR SIZE

Determine the correct size for your steam generator by calculating the shower's cubic footage.

	Maximum Volume Rating	Steam Generator	Power Rating	Electrical Requirements	Optional Drain Pan
Single	84 cu ft	K-32324-NA	5 kW	220-240 V, 50 Hz, 40 A	K-5559-NA
	112 cu ft	K-32325-NA	7 kW	220-240 V, 50 Hz, 50 A	
	240 cu ft	K-32326-NA	9 kW	220-240 V, 50 Hz, 60 A	
	317 cu ft	K-32327-NA	11 kW		
	447 cu ft	K-32328-NA	13 kW	220-240 V, 50 Hz, 80 A	K-5562-NA
	500 cu ft	K-32329-NA	15 kW	220-240 V, 50 Hz, 90 A	
Tandem	550 cu ft	2 units of 9kW	18 kW	220-240 V, 50 Hz, 60 A*	K-5559-NA*
	634 cu ft	2 units of 11kW	22 kW		
	894 cu ft	2 units of 13kW	26 kW	220-240 V, 50 Hz, 80 A*	K-5562-NA*
	1000 cu ft	2 units of 15kW	30 kW	220-240 V, 50 Hz, 90 A*	
*Tandem steam generators require two dedicated circuits and use two drain pans.					

Example:

If the calculation in step 1 yields 241 cu ft, the K-32327-NA (11 kW) should be selected. If your ceiling height is 9 feet, the K-32328-NA (13 kW) should be selected.

3. SELECT THE STEAM GENERATOR CONTROLLER

Steam Control Options for Mechanical Valves & Trim

If you are adding a steam generator to a traditional shower, choose from K-5557, K-5558, and K-32312 controllers. The K-5557 and K-5588 controller kits include one or two round steam heads, as pictured. The K-32312 controller pairs with a square or linear steam head (sold separately). Tandem steam generators require two steam heads.

Steam Control Options for Digital Valves & Controls

If you are adding a steam generator to an Anthem+™ digital showering system, choose from K-5548-K1, K-5549-K1, and K-32311 steam adapters. The K-5548-K1 and K-5549-K1 adapter kits include one or two round steam heads, as pictured. The K-32311 adapter pairs with a square or linear steam head (sold separately). Tandem steam generators require two steam heads.

4. SELECT THE FINISH

Select the finish of steam head from available finishes to seamless integration in the bathroom

EXPRESS YOURSELF

Personalize your Brazn enclosure with an exclusive range of glass effects.

Clear Glass

For those with a preference for the basic and classic. This design choice not only embraces simplicity but also allows the inherent form of the product to shine.

Fluted Glass

Adds a sophisticated and textured element to the bathroom space. The vertical grooves on the glass create a play of light and shadow, imparting a sense of depth and visual interest.

Artistic Glass

The fusion of sandwiched glass with fabric heralds a captivating synergy of materials, marrying the transparency and sleekness of glass with the warmth and texture of fabric. This innovative combination not only elevates the visual appeal but also adds a tactile dimension to the design.

- Glass thickness may change from 8mm->10mm after site measurements.

EXPRESS YOURSELF

With Kohler range of bespoke glass effects.

Clear Glass

For those with a preference for the basic and classic. This design choice not only embraces simplicity but also allows the inherent form of the product to shine.

Fluted Glass

Adds a sophisticated and textured element to the bathroom space. The vertical grooves on the glass create a play of light and shadow, imparting a sense of depth and visual interest.

Artistic Glass

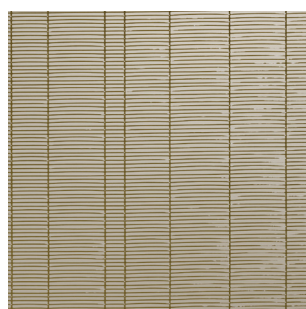

The fusion of sandwiched glass with fabric heralds a captivating synergy of materials, marrying the transparency and sleekness of glass with the warmth and texture of fabric. This innovative combination not only elevates the visual appeal but also adds a tactile dimension to the design.

SHOWER ENCLOSURE UPGRADES

A magical range of Glass Patterns – featuring Lattice, Tryst, Mizzle and Tangle – makes Kohler® Shower Enclosures a stunning addition to the bathspace. Styled to the latest trends, they are available in a variety of upgrade options.

LATTICE

Geometric lines pay tribute to latticed screens from traditional Indian architecture and bring this art-form into the contemporary bathroom

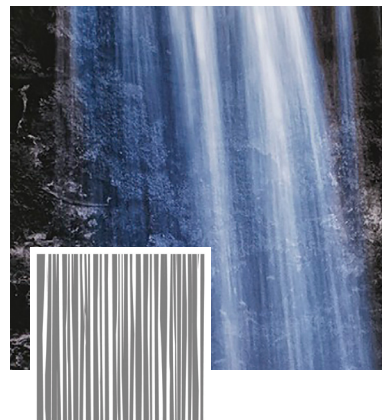

TRYST

The playful interaction of shapes creates transition and movement in your shower space

TANGLE

Intertwining lines dancing on the glass door add an artistic edge to your shower space

MIZZLE

Featuring asymmetric falling lines, the mizzle pattern enshrouds you with poetic imagery of mist and rain

Main Menu

Shower Enclosures Hardware (LIB 2.0)

LIB 2.0 merges Kohler's legacy of bold design with ultimate flexibility. These hardware empower you to curate a bespoke enclosure, pairing our precision-engineered components with the glass of your choice.

Each piece is a testament to Kohler quality—durable, beautiful, and distinct. Featuring our iconic Vibrant Finishes, these components utilize a state-of-the-art PVD process to ensure a deep, rich luster that resists corrosion. With LIB 2.0, you aren't just installing a shower; you are defining your space.
